

Clearing Browser History – Google Chrome

1. Press Ctrl-H, or Press the button with three horizontal bars in the upper-left hand side of the browser window (1), and choose History and recent tabs(2)>>History(3).

2. Select "Clear browsing data":

- Using the dropdown box in the upper-right hand section, choose to obliterate items from “the beginning of time”, check all selectable items on the left, and click “Clear Browsing Data”:
