

## Clearing Browser History – Mozilla Firefox

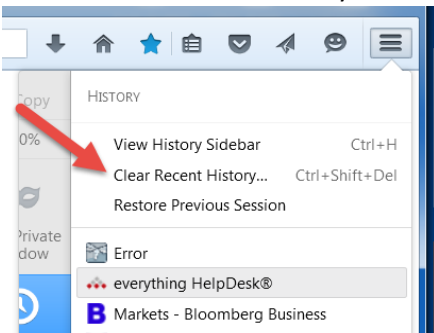

1. Click on the button with three horizontal bars in the upper right-hand section of the screen:

2. Click on the History Icon:

3. Click on Clear Recent History:

4. For Time Range, select “Everything” using the drop-down arrow as necessary. Select all checkboxes that are selectable under details, and click the “Clear Now” button. Restart your browser. (Note: All sign-in information will be erased. It will be necessary to retype your county district number.)
