**2020 Special Education Determination Status** (*district TAPR only*): This label represents an integrated determination level status based on an evaluation of each local education agency's (LEA) Results Driven Accountability (RDA) indicators in the special education program area and four Federally Required Elements (FREs), which include the State Performance Plan (SPP) compliance indicators 9, 10, 11, 12, and 13; data integrity; uncorrected noncompliance; and financial audit findings. Each LEA receives one of four special education determination levels (DLs):

**2020 Armed Services Vocational Aptitude Battery (ASVAB) Test (Career Exploration)** (*district TAPR only*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter. There are two types of ASVAB tests; only the ASVAB Career Exploration Program (CEP) was evaluated. For the 2019–20 school year, districts were given the opportunity to request a waiver for this requirement due to the COVID-19 pandemic.

## 2019–20 Texas Academic Performance Report

### Performance

Please note that due to the cancellation of spring 2020 State of Texas Assessments of Academic Readiness (STAAR) due to the COVID-19 pandemic, the Performance section of this year's report is not updated.

**STAAR:** A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at <http://tea.texas.gov/curriculum/teks/>.

#### Other Important Information:

*Substitute Assessments.* Certain, specific assessments that students may take in place of an EOC assessment. For more information, see the Texas Administrative Code, §101.4002, at <http://ritter.tea.state.tx.us/rules/tac/chapter101/ch101dd.html>.

*Special Education.* STAAR (with and without accommodations) and STAAR Alternate 2 results are included.

*Spanish STAAR.* All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR performance includes performance on the Spanish STAAR.

*Rounding of STAAR results.* STAAR performance shown on the TAPR is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

*Masking.* STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the Explanation of Masking at <https://rptsvr1.tea.texas.gov/perfreport/account/2020/masking.html>.

### STAAR Performance

The STAAR Performance section of the TAPR displays performance results by grade, subject and performance level for students in the accountability subset, which are students enrolled in the same district/campus on both the snapshot date (TSDS PEIMS October snapshot) and the testing date. The STAAR Performance—All Students section of the TAPR displays STAAR performance by grade, subject, and performance level and includes all students tested, regardless of whether they were in the accountability subset.

*STAAR Progress Measure Percent at Accelerated Growth.* The percentage of assessments that exceeded the STAAR progress measure expectations. See Chapter 3 of the [2019 Accountability Manual](#) for more information.

*Percent of Students Maintaining or Improving Compared to Prior Year Performance Level.* The percentage of students that maintained or improved their STAAR performance levels this year in comparison with last year. Students are included in the performance level achieved in the prior year.

### Prior Year and SSI

**Progress of Prior-Year Non-Proficient Students:** The percentage of students in grades 4–8 who did not reach the satisfactory standard on STAAR (including STAAR Alternate 2) in the prior year but passed the corresponding assessment in the current year. For 2018–19, rates for ELA/reading and mathematics are calculated as follows:

$$\frac{\text{number of matched grades 4–8 students who did not reach the satisfactory standard in 2018 but passed in 2019}}{\text{number of matched grades 4–8 students who did not reach the satisfactory standard in 2018}}$$

---

number of matched grades 4–8 students who did not reach the satisfactory standard in 2018

For 2018–19, students in grades 4–8 included in these measures are those who

- took the spring 2018–19 STAAR (with or without accommodations) or STAAR Alternate 2 in ELA/reading and/or mathematics. This indicator does not include grade 3 assessment takers because that is the first STAAR assessment;
- are part of the 2018–19 accountability subset;
- can be matched to the spring 2017–18 STAAR administration—anywhere in the state—to find their prior year score for ELA/reading and/or mathematics; and
- did not reach the satisfactory standard on the 2017–18 STAAR administration of ELA/reading and/or mathematics.

### Bilingual Education/ESL

**Bilingual Education (BE):** Dual-language program that enables English learners to become competent in listening, speaking, reading, and writing in English through the development of literacy and academic skills in both the primary language and English. This category includes the following:

*BE-Trans Early Exit.* Bilingual program model that serves students of limited English proficiency. The transitional bilingual/early exit model transfers a student to English-only instruction between two and five years after the student enrolls in school.

*BE-Trans Late Exit.* Bilingual program model that serves students of limited English proficiency. The transitional bilingual/late exit model transfers a student to English-only instruction between six and seven years after the student enrolls in school.

*BE-Dual Two-Way.* Biliteracy program model designed to develop fluency and literacy in English and another language. The dual language immersion/two-way model integrates students of limited English proficiency with students proficient in English and transfers a student of limited English proficiency to English-only instruction between six and seven years after the student enrolls in school.

*BE-Dual One-Way.* Bilingual program model designed to develop fluency and literacy in English. The dual language immersion/one-way model serves only students of limited English proficiency and transfers a student to English-only instruction between six and seven years after the student enrolls in school.

**English as a Second Language (ESL):** An intensive program designed to develop proficiency in listening, speaking, reading, and writing in the English language. This category includes the following:

*ESL Content.* An English program that serves students of limited English proficiency. The English as a second language/content-based model provides a full-time teacher that gives supplementary instruction for all content areas.

*ESL Pull-Out.* An English program that serves students of limited English proficiency. The English as a second language/pull-out model provides a part-time teacher to give instruction in English language arts only. A student in an ESL Pull-Out program remains in mainstream instructional arrangements for all other content areas.

**Limited English Proficient (LEP):** The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms “English language learner,” “English learner,” and “Limited English Proficient” (LEP) are used interchangeably. This category includes:

*LEP No Services.* A student identified as limited English proficient who does not receive any bilingual education or English as a second language services.

*LEP with Services.* A student identified as limited English proficient who receives bilingual education services or English as a second language services.

**School Progress Domain—Academic Growth Score:** Points earned for results that either maintained performance or earned *Expected/Accelerated* on the STAAR progress measure. Only includes assessments eligible for a STAAR progress measure.

**STAAR Progress Measure Percent at Expected or Accelerated Growth:** The percentage of assessments that met or exceeded the STAAR progress measure expectations. See Chapter 3 of the [2019 Accountability Manual](#) for more information.

### Participation

Please note that due to the cancellation of spring 2020 State of Texas Assessments of Academic Readiness (STAAR) due to the COVID-19 pandemic, the Participation section of this year's report is not updated.

### STAAR Participation

The percentage of students who were administered a STAAR assessment, STAAR Alternate 2, Texas English Language Proficiency Assessment System (TELPAS), and/or TELPAS Alternate. The details on the participation categories are as follows:

*Assessment Participant:* 1) number of answer documents with a score code of S, 2) number of STAAR Alternate 2 testers with a score code of N, 3) number of substitute assessments, 4) number of A or O reading answer documents with a scored TELPAS or TELPAS Alternate assessment, and 5) number of A or O mathematics answer documents with a scored TELPAS or TELPAS alternate assessment for year 1–5 asylee/refugees and students with interrupted formal education (SIFEs)

- *Included in Accountability:* scored answer documents used in determining the district or campus accountability rating, including substitute assessments with a score code of O
- *Not included in Accountability:* answer documents counted as participants but not used in determining the district or campus accountability rating
  - ◆ *Mobile:* answer documents were excluded because the students enrolled in the district or campus after the fall TSDS PEIMS submission dates (October 26, 2018, or October 27, 2017, for summer 2018 EOCs)
  - ◆ *Other Exclusions.* The following answer documents were excluded from the rating determination:
    - ❖ Answer documents for students who were tested only on the TELPAS/TELPAS Alternate or TELPAS/TELPAS Alternate plus STAAR assessments with score codes of A or O.
    - ❖ Answer documents of students who are either an English learner who has been in school in the U.S. for one year or an unschooled asylee, unschooled refugee, or SIFE student who has been in school in the U.S. for less than six years.
    - ❖ Answer documents of STAAR Alternate 2 testers with a score code of N.

*Not Tested:* answer documents with score codes A or O

- *Absent:* answer documents with score code A
- *Other:* answer documents with score code O, except for substitute assessments.

The denominator for participation is the sum of these five categories: Included in Accountability, Mobile, Other Exclusions, and Not Tested (Absent and Other). *STAAR Participation Rate* is rounded to a whole number. For example, 94.49% is rounded to 94%. Small values may show as zero: 0.4% is rounded to 0%, and 0.6% is rounded to 1%. (*Data source: STAAR and TELPAS File*)

### Attendance and Graduation

#### Attendance, Graduation, and Dropout Rates

**Attendance Rate:** The percentage of days that students were present in 2018–19 based on student attendance for the entire school year. Only students in grades 1–12 are included in the calculation. Attendance is calculated as follows:

$$\frac{\text{total number of days that students in grades 1–12 were present in 2018–19}}{\text{total number of days that students in grades 1–12 were in membership in 2018–19}}$$

*(Data source: TSDS PEIMS 42400)*

**Annual Dropout Rate:** The percentage of students who drop out of school during a school year. Annual dropout rates are shown for districts and campuses that serve grades 7–8 and/or 9–12. State law prohibits including a student who meets any of the following criteria from campus and district annual dropout rate calculations:

- Is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
- Was previously reported to the state as a dropout
- Was in attendance but not in membership for purposes of average daily attendance (i.e., students for whom school districts are not receiving state Foundation School Program [FSP] funds)
- Was initially enrolled in a school in the United States in any grade 7 through 12 as an unschooled refugee or asylee as defined by [TEC §39.027\(a-1\)](#)
- Attends a district exclusively as a function of having been detained at a county detention facility and is not otherwise a student of the district in which the facility is located or is being provided services by an open-enrollment charter school exclusively as the result of having been detained at the facility
- Is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
- Is a student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district
- Is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; has not completed his or her individualized education program (IEP); and is enrolled and receiving IEP services

*Annual Dropout Rate (Gr 7–8).* This includes only grades 7 and 8. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 and 8 during the 2018–19 school year}}{\text{number of students in grades 7 and 8 in attendance at any time during the 2018–19 school year}}$$

# Comprehensive Glossary

## 2019–20 Texas Academic Performance Report

*Annual Dropout Rate (Gr 9–12)*. This includes grades 9 through 12. It is calculated as follows:

---

**number of dropouts in grades 9–12 during the 2018–19 school year**

---

**number of students in grades 9–12 in attendance at any time during the 2018–19 school year**

Both annual dropout rates appear on campus, district, region, and state TAPRs. The state and region annual dropout rates that are reported on district and campus TAPRs, however, are calculated without the exclusions required for campus and district calculations.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effect of mobility by including in the denominator every student ever reported in attendance at the district or campus throughout the school year, regardless of length of enrollment. For a more complete description of dropout rates and exclusions, see the [Secondary School Completion and Dropouts in Texas Public Schools, 2018–19](#) reports, available on the TEA website at [http://tea.texas.gov/acctres/dropcomp\\_index.html](http://tea.texas.gov/acctres/dropcomp_index.html).

For detailed information on data sources, see Appendix H in the [2019 Accountability Manual \(Data source: TSDS PEIMS 40203, 40110, 42400, and 42500\)](#)

**Longitudinal Rates:** The status of a group (cohort) of students after four years in high school (*4-Year Longitudinal Rate*), after five years in high school (*5-Year Extended Longitudinal Rate*), or after six years in high school (*6-Year Extended Longitudinal Rate*).

For the *4-Year Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2015–16. They are followed through their expected graduation with the Class of 2019.

For the *5-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2014–15. They are followed for five years and included if they graduated within a year after their expected graduation with the Class of 2018.

For the *6-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2013–14. They are followed for six years and included if they graduated within two years after their expected graduation with the Class of 2017.

### *Additional Information on Cohorts:*

A student transfers into a campus, district, or state cohort when he or she moves into the cohort from another high school in Texas, from another district in Texas, or from out of state.

A student transfers out of a campus or district cohort when he or she moves to another public high school in Texas or moves to another district in Texas. Note that these students are transferred into the cohort of the high school or district to which they moved. There are also students who move out of state or out of the country and students who transfer to private schools or who are home-schooled. These types of transfer students cannot be tracked and are not included in longitudinal rate calculations.

A student does not change cohorts if he or she repeats or skips a grade. A student who begins with the 2015–16 ninth-grade cohort remains with that cohort. A student who started the ninth grade in 2015–16 but takes 5 years to graduate (i.e., graduates in May 2020) is still part of the 2019 cohort; he or she is not switched to the 2020 cohort. This student would be considered a

The graduation, continuation, TxCHSE recipient, and dropout rates sum to 100% (some totals may not equal exactly 100% due to rounding). Students served through special education who graduate with an individualized education program (IEP) are included as graduates.

#### *Additional Information about Federal Graduation Rates*

In addition to the detailed breakdown of the four-, five- and six-year longitudinal rates, the district and campus TAPRs show federal graduation rates for the following:

### Profile

#### Student Information

*Please note, the Enrollment section of this report is new this year. The definitions below describe the nuances between Membership and Enrollment. If comparing the data shown from this year's report to previous reports, use the data displayed under Membership.*

**Enrollment:** Students reported as enrolled as of the last Friday in October (October 25, 2019).

**Membership:** Membership differs from enrollment, as it does not include those students who are served for less than two hours per day. A student is in membership if he/she is enrolled and is either

- scheduled to attend at least two hours of instruction each school day or
- participating in an alternative attendance accounting program.

For example, the count of *Total Students* excludes students who attend a non-public school but receive some services, such as speech therapy—for less than two hours per day—from their local school district.

**Total Students:** The total number of public school students who were reported at any grade from early childhood education through grade 12. *(Data source: TSDS PEIMS 40110)*

**Students by Grade:** The count of students in each grade divided by the total number of students. *(Data source: TSDS PEIMS 40110)*

**Ethnic Distribution:** The number and percentage of students and staff who are identified as belonging to one of the following groups: African American, Hispanic, white, American Indian, Asian, Pacific Islander, and two or more races. *(Data source: TSDS PEIMS 40100, 30040, 30050, 30090)*

**Male/Female:** The number and percentage of students who are identified as male or female. *(Data source: TSDS PEIMS 40100)*

**Economically Disadvantaged:** The count and percentage of students eligible for free or reduced-price lunch or eligible for other public assistance.

**number of students eligible for free or reduced-price lunch or other public assistance**

---

**total number of students**

*(Data source: TSDS PEIMS 40100 and TEA Student Assessment Division)*

**Non-Educationally Disadvantaged:** Those students not eligible to participate in free or reduced-price lunch or to receive any other public assistance. This is the complementary count and percentage to Economically Disadvantaged.

**Section 504 Students:** The count and percentage of students identified as receiving section 504 services.

**English Learners (ELs):** The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms “English Learner” and “Limited English Proficient” (LEP) are used interchangeably.

## Comprehensive Glossary

### 2019–20 Texas Academic Performance Report

The percentage of ELs is calculated by dividing the number of ELs by the total number of students in the district or campus. Not all students identified as ELs receive bilingual or English as a second language instruction. *(Data source: TELPAS file)*

**Students with Disciplinary Placements:** The count and percentage of students placed in alternative education programs under [Chapter 37 of the Texas Education Code](#) (Discipline; Law and Order). Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

$$\frac{\text{number of students with one or more disciplinary placements}}{\text{number of students who were in attendance at any time during the school year}}$$

For 2019–20, the following 19 disciplinary action codes are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Data source: TSDS PEIMS 44425)*

**Students with Dyslexia:** The count and percentage of students identified with Dyslexia. *(Data source: TSDS PEIMS 40100)*

**Foster Care:** The count and percentage of students identified as in the conservatorship of the Department of Family and Protective Services (DFPS). *(Data source: TSDS PEIMS 40100)*

**Homeless:** The count and percentage of students meeting the criteria defined by 42 U.S.C. Section 11434(a), the term “homeless children and youths” —

(A) individuals who lack a fixed, regular, and adequate nighttime residence [within the meaning of section 11302(a)(1)]; and

(B) includes —

(i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters;

(ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings [within the meaning of section 11302(a)(2) (C)];

(iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(iv) migratory children (as such term is defined in section 6399 of title 20) who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

**Mobility Other Student Groups (posted January 22, 2021):**

**Count and Percent of Special Education Students who are Mobile:** The count and percentage of Special Education students who have been in membership for less than 83 percent of the school year (i.e., missed six or more weeks).

$$\frac{\text{number of mobile Special Education students in 2018–19}}{\text{number of Special Education students who were in membership at any time during the 2018–19 school year}}$$

**Count and Percent of Economically Disadvantaged Students who are Mobile:** The count and percentage of economically disadvantaged students who have been in membership for less than 83 percent of the school year (i.e., missed six or more weeks).

$$\frac{\text{number of mobile economically disadvantaged students in 2018–19}}{\text{number of economically disadvantaged students who were in membership at any time during the 2018–19 school year}}$$

This rate is calculated at the state, region, district, and campus level.

**Attrition Rates (*campus profile only*):** The percentage of students enrolled in fall 2018–19 who did not return to the same campus in the fall of 2019–20. This calculation is adjusted to account for the grade levels available to students at each campus as well as additional factors. For instance, students were excluded from the calculation if they were enrolled at the highest grade offered at the campus, were not considered to be in membership for the purposes of calculating average daily attendance for funding purposes or were at a campus in 2018–19 that was no longer active in 2019–20. Students who were retained in grade, including those in grade 12, remained in the calculation. Attrition Rate is calculated as follows:

$$\frac{\text{number of students enrolled in fall 2018} - \text{number of students who returned in fall 2019}}{\text{number of students enrolled in fall 2018}}$$

**Retention Rates by Grade:** The percentage of students in Texas public schools who enrolled in fall 2019 in the same grade in which they were reported for the last six-week period of the prior school year (2018–19).

**the number of students enrolled in the same grade from one school year to the next**

---

**the number of students enrolled from one school year who return the next year or who graduate**

Special education retention rates are calculated and reported separately because local retention practices differ for students served by special education.

The TAPR shows retention rates only for grades K–9. Retention rates for all grades can be found in [Grade-Level Retention in Texas Public Schools, 2018–19](#), available from TEA. (*Data source: TSDS PEIMS 40110*)

**Data Quality** (*not on campus profile*): The percentage of errors made by the district in the TSDS PEIMS Student Leaver Data.

*Percent of Underreported Students.* Underreported students are 7<sup>th</sup>–12<sup>th</sup> graders who were enrolled at any time during the prior year, who are not accounted for through district records or TEA processing in the current year, and for whom the district did not submit a leaver record. A district is required to submit a leaver record for any student served in grades 7–12 the previous year unless the student received a Texas high school equivalency certificate (TxCHSE) certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas public school district, or returned to the district by the end of the school start window. (For 2018–19 the end of the school-start window was September 27, 2019.)

**Class Size Averages by Grade and Subject:** The average class size by grade (elementary) or selected subjects (secondary classes).

For secondary classes, averages are determined by totaling the number of students served (in a subject at the campus) and dividing that sum by the count of classes for that subject.

For elementary classes, how the average is determined depends on the instructional model. If an elementary teacher teaches all subjects to the same group of fourth graders all day, the class size average is simply the number of fourth grade students served by that teacher. If an elementary teacher teaches a single subject to five different sections of fourth graders each day, however, the average is calculated the same way as for secondary subjects. For example, one fourth grade science teacher teaches five science classes each day with 18, 20, 19, 21, and 22 students in each class. The total of 100 students divided by the five classes produces an average class size of 20 students for that teacher.

The following rules apply to the average class sizes:

- Classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation.

### Staff Information

**Total Staff:** The total count of staff which includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

**Professional Staff:** The full-time equivalent (FTE) count of teachers, professional support staff, campus administrators, and on the district profile, central office administrators. Staff are grouped according to roles as reported in TSDS PEIMS. Each type of professional staff is shown as a percentage of the total staff FTE. See Appendix A for all TSDS PEIMS Role IDs. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

**Educational Aides:** The count and percentage of paraprofessional staff who are reported with a role of 033 (Educational Aide) or 036 (Certified Interpreter). The FTE counts of educational aides are expressed as a percentage of the total staff FTEs. See Appendix A for all TSDS PEIMS Role IDs. *(Data source: TSDS PEIMS 30090)*

**Auxiliary Staff (not on campus profile):** The count of full-time equivalent (FTE) staff reported in TSDS PEIMS employment and payroll records who are not reported in the TSDS PEIMS 30090 Staff – Responsibilities record. The auxiliary staff (and educational aide who performs routine classroom tasks under the general supervision of a certified teacher or teaching team) are expressed as a percentage of total staff. For auxiliary staff, the FTE is the value of the percentage of day worked. *(Data source: TSDS PEIMS 30060 and 30090)*

**Librarians and Counselors (Headcount):** The headcount of librarians and counselors is based on full-time equivalent (FTE) for full-time and part-time headcounts. Librarians and counselors are considered part-time when the FTE count is less than or equal to .85 (For example, FTE count less than or equal to .85, the part-time headcount is equal to 1).

Librarians and counselors are headcounts not sums of FTEs. The district headcount is not a sum of the campus headcount. For example, a counselor spends 50 percent of their time at the elementary (0.50 FTE) and 50 percent of their time at the high school (0.50 FTE). On each of the campus reports, this counselor will be reflected as 1.0 part-time counselor. On the district report the counselor will be reflected as 1.0 full-time counselor since the FTE count is greater than .85 (0.50 FTE plus 0.50 FTE=1.0 FTE). See Appendix A for TSDS PEIMS Role IDs (Professional Support Staff). *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

**Total Minority Staff:** The total count of minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). The minority staff FTE count is expressed as a percentage of the total staff FTE. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

**Teachers by Ethnicity and Sex:** The counts of teacher FTEs by ethnic group and by sex. Counts are also expressed as a percentage of the total teacher FTEs. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

**Teachers by Highest Degree Held:** The distribution of degrees held by teachers. The FTE counts of teachers with no degree, a bachelor's degree, a master's degree, or a doctorate are expressed as a percentage of the total teacher FTEs. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

## Comprehensive Glossary

### 2019–20 Texas Academic Performance Report

**Teachers by Years of Experience:** The FTE count of teachers by total years of experience for the individual, not necessarily years of experience in the district or campus. Teacher counts within each range of experience are expressed as a percentage of total teacher FTEs. Teachers are reported with zero years of experience (first year teachers), 1–5 years, 6–10 years, 11–20 years, and over 20 years. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

**Number of Students per Teacher:** The total number of students divided by the total teacher FTE count. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

**Experience of Campus Leadership:** The average years of experience for principals and assistant principals.

*Average Years as Principal:* The number of completed years of experience as a principal, regardless of district or interruption in service. These amounts are added together and divided by the number of all principals reported for the campus.

*Average Years as Principal with District:* The number of years a principal is employed in the district regardless of any interruption in service. The amounts are added together and divided by the number of principals reported for the district.

*Average Years as Assistant Principal:* The number of completed years of experience as assistant principal, regardless of district or interruption of service. The amounts are added together and divided by the number of assistant principals reported for the campus.

*Average Years as Assistant Principal with District:* The number of years employed as assistant principal in the district regardless of any interruption in service. These amounts are added together and divided by the number of assistant principals reported for the district.

*(Data source: TSDS PEIMS 30050)*

**Average Years Experience of Teachers:** The average number of completed years of professional experience, regardless of district. Weighted averages are calculated by multiplying each teacher's FTE coefficient (1 for a full-time teacher, .75 for a three-quarter-time teacher, and .5 for a half-time teacher, for example) by his or her years of experience. These amounts are added together and divided by the sum of all teachers' FTE coefficients. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

**Average Years Experience of Teachers with District:** The average number of years employed in the district regardless of any interruption in service. Weighted averages are calculated by multiplying each teacher's FTE coefficient by his or her years of experience in the district. These amounts are added together and divided by the sum of all teacher's coefficients. *(Data source: TSDS PEIMS 30050)*

**Average Teacher Salary by Years of Experience (regular duties only):** Total pay for all teachers in each category divided by the total teacher FTE count in that category. For the purpose of this calculation, the total actual salary amount is pay for regular duties only and does not include supplemental pay. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. Teachers are reported with zero years of experience (first year teacher), 1–5 years, 6–10 years, 11–20 years, and over 20 years. *(Data source: TSDS PEIMS 30060)*

**Average Actual Salaries (regular duties only):** For each category, the total salary for that category divided by the total FTE count for that category. Only payment for regular duties is included in the total salary; supplemental payments for extra duties (e.g., coaching, band and orchestra assignments, club

sponsorships) are not included. See Appendix A for lists of the TSDS PEIMS role IDs included in each category.

*Teachers.* Teachers, special duty teachers, and substitute teachers. Substitute teachers are either temporarily hired to replace a teacher or hired permanently on an as-needed basis. The District Teacher Salary Report and Graph also uses this definition in creating counts for various salary ranges.

*Professional Support.* Therapists, nurses, librarians, counselors, and other campus professional personnel.

*Campus Administration (School Leadership).* Principals, assistant principals, and other administrators reported with a specific school ID.

*Central Administration (not on campus profile).* Superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators reported with a central office ID and not a specific school ID.

**Instructional Staff Percent** (*district profile only*): The percentage of the district's FTEs whose job function was to provide classroom instruction directly to students during the 2018–19 school year. The instructional staff percent is a district-level measure and is calculated as follows:

$$\frac{\text{total number of hours for district staff who were reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31}}{\text{total number of hours worked by all district employees}}$$

Contact the Division of Financial Compliance at (512) 463-9095 for further details about this measure. (*Data source: TSDS PEIMS 30040, 30050, and 30090*)

**Turnover Rate for Teachers** (*not on campus profile*): The percentage of teachers from the fall of 2018–19 who were not employed in the district in the fall of 2019–20. It is calculated as the total FTE count of teachers from the fall of 2018–19 who were not employed in the district in the fall of 2019–20, divided by the total teacher FTE count for the fall of 2018–19. Staff who remained employed in the district but not as teachers also count toward teacher turnover. (*Data source: TSDS PEIMS 30040 and 30090*)

**Staff Exclusions** (*not on campus profile*): The counts of individuals who serve public school students but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services.

*Shared Services Arrangement (SSA) Staff* are staff who work in schools located in districts other than their employing district or whose assigned organization (in TSDS PEIMS) shows a code of 751, indicating that they are employed by the fiscal agent of an SSA. Only the portion of a person's total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid.

*Contracted Instructional Staff (District and Campus Profiles)* refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract,

the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. *(Data source: TSDS PEIMS 30055 and 30060)*

**Contracted Instructional Staff:** The count of individuals who are not regular classroom teachers who have signed a contract with a district, nor are they shared services arrangement employees. Rather, these are instructors for whom the district has entered into a contractual agreement with an outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They include, but are not limited to, speech therapists, occupational therapists, and any other professional contracted staff working in a classroom on a dedicated basis.

**Teachers by Program (population served):** The FTE count of teachers categorized by the type of student populations served: regular, special, compensatory, career and technical, bilingual/ESL, gifted and talented education students, and other populations. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percentage of total teacher FTEs. *(Data source: TSDS PEIMS 30040, 30050, and 30090)*

## Kindergarten Readiness

### Kindergarten Readiness

This report includes kindergarten readiness data for students who were enrolled in public kindergarten and were assessed using one of the approved instruments on the [Commissioner's List of Reading Instruments](#). *Data are shown for the district and campus at which the student attended kindergarten.*

Readiness is based on the literacy assessment only and does not provide comprehensive information on student readiness across important developmental domains.

**Assessed Students in KG:** Kindergarten students enrolled in the Texas public school system as of the Fall Snapshot date (the last Friday in October of each year) who were administered, at the beginning of year (BOY) administration, an assessment on the [Commissioner's List of Reading Instruments](#). Students may take multiple assessments.

**Eligible:** Kindergarten students who met at least one of the public prekindergarten (PK) eligibility criteria during the kindergarten year—economically disadvantaged, English learner (EL), homeless, is or ever has been in foster care, is the child of an active duty member of the armed forces of the United States, or is the child of a member of the armed forces who was injured or killed while on active duty—not the actual eligibility as of the PK year. PK eligibility is based on a student's status as of his/her kindergarten year as there are no comprehensive data concerning PK eligibility for children who did not attend public PK.

**Eligible Students Who Attended PK:** Kindergarten students who were assessed for kindergarten readiness and were eligible to attend public PK and did attend.

**Eligible Students Who Did Not Attend PK:** Kindergarten students who were assessed for kindergarten readiness and were eligible to attend public PK but did not attend.

**Students Who Were Not Eligible for PK:** Kindergarten students who were assessed for kindergarten readiness and were not eligible for public PK.

**Students Ready for KG:** Count of all assessed kindergarten students who met or exceeded the cut-off score for a particular assessment on the [Commissioner's List of Reading Instruments](#). Kindergarten readiness for each assessment is assessed differently across multiple assessment domains with varying benchmarks/cut-off scores of readiness. For school years 2013–14 through 2019–20, readiness is based

<b>DATE:</b>	<b>January 17, 2020</b>
<b>SUBJECT:</b>	<b>2019-2020 Assignment of Accreditation Statuses</b>
<b>CATEGORY:</b>	<b>Accreditation</b>
<b>NEXT STEPS:</b>	<b>Share with Appropriate Staff</b>

The assignment of district and charter school accreditation statuses is authorized by Texas Education Code (TEC), Chapter 39, Public School System Accountability, and 19 Texas Administrative Code (TAC), Chapter 97, Planning and Accountability, Subchapter EE, Accreditation Status, Standards, and Sanctions. The rules define the accreditation statuses of Accredited, Accredited-Warned, Accredited-Probation, and Not Accredited-Revoked and describe how accreditation statuses are determined and assigned. These rules may be viewed at the [Texas Administrative Code](http://ritter.tea.state.tx.us/rules/tac/index.html) link available at <http://ritter.tea.state.tx.us/rules/tac/index.html>, and additional information regarding the assignment of accreditation statuses to districts and charter schools can be found on the *Accreditation Status* homepage of the Texas Education Agency (TEA or agency) website at <http://tea.texas.gov/accredstatus/>.

The purpose of this letter is to notify districts and charter schools that, under the authority of TEC, §39.051 and §39.052, and 19 TAC §97.1055, TEA will assign accreditation statuses for the 2019-2020 year. Accreditation statuses will be posted publicly to the TEA website on January 31, 2020, on the *Accreditation Status* homepage at <http://tea.texas.gov/accredstatus/>. When accessing the website, users will be able to sort accreditation results by clicking on a grid column heading to sort ascending or descending. Additionally, the results may be filtered using the search feature or by selecting pre-defined values from the column pick lists. Background information regarding the assignment of accreditation statuses will also be posted.

Prior to the 2019-2020 public posting of statuses, districts and charter schools will be able to view their individual accreditation status by accessing the *Intervention Stage and Activity Manager* (ISAM) application through the Texas Education Agency Login (TEAL) application at <https://tealprod.tea.state.tx.us>. Accreditation statuses will be posted to ISAM on January 24, 2020, and the assigned status will be displayed in an information panel on the Event Summary screen.

Districts and charter schools that are assigned a status of Accredited are not required to take any specific action. However, districts and charter schools that are assigned a status of Accredited-Warned, Accredited-Probation, or Not Accredited-Revoked must take specific actions to notify the parents of students enrolled in the district or charter school and property owners in the district. The requirements for public notification are specified in 19 TAC §97.1055(f), and a template that reflects the TEA-required format and language for the public notice is posted to the TEA website at <http://tea.texas.gov/accredstatus/>. Districts and charter schools with an accreditation status below Accredited may be subject to additional accreditation sanctions as referenced in 19 TAC Chapter 97, Planning and Accountability, Subchapter EE. Districts and charter schools that are assigned a status of Accredited-Warned, Accredited-Probation, or Not Accredited-Revoked will receive individual correspondence from the agency detailing required next steps and opportunities for review of the status assignment.

We appreciate the ongoing support of districts and charter schools, as the agency continues to implement accreditation requirements. If, after reviewing the TEA website, you have questions regarding the assignment of accreditation statuses to school districts or charter

schools, please contact your regional education service center or the Division of Governance at (512) 463-5899 or via e-mail at [accred@tea.texas.gov](mailto:accred@tea.texas.gov).

Sincerely,

Jeff Cottrill  
Deputy Commissioner of Governance & Accountability

## 2019-2020 Accreditation Statuses

The Texas Education Agency awards an accreditation status to each public school district and charter school. The accreditation status is based on the academic accountability rating and financial ratings from the Financial Integrity Rating System of Texas. A district or charter must be accredited by the state to operate as a public school.

The district accreditation statuses for 2019-2020 are listed below:

# Executive Summary

The George West ISD District Plan is structured around the goals in keeping with the four state-wide initiatives developed by the Texas Education Agency. The foundation of these initiatives align with the core beliefs that form the basis of the GWISD Vision and Mission.

Knowing that the needs, resources, and make-up of our school community are ever-changing, we revisit all of these components—our core beliefs, our vision, our mission, and our educational goals annually and modify, as appropriate.

And always, we extend an open invitation to all members of our school community—parents, community members, students, and campus personnel—to join us in decision-making planning sessions as we endeavor to improve.

## Core Beliefs

The following summarize our shared core beliefs.

We value:

- Collaboration, Community, and Cooperation
- A positive, safe climate that is welcoming
- A school community that is empowered to set goals and make decisions
- Growth for all
- Challenging curriculum based on relevant, experiential learning
- Diversity in learning and teaching
- Leadership at all levels
- Feelings of self-worth, enthusiasm, pride and respect
- High Standards and expectations
- Forward thinking and positive risk-taking
- Celebration

# District Goals

With our foremost concerns always focused on what we want our students to know and be able to do while with us at GWISD and, ultimately, when they step out into the world of continuing education or work, we annually review and revise our district goals. Any revisions made to our goals are, first, based upon data available that indicates our progress toward reaching our vision and our mission for our students and, second, upon new discoveries crucial to moving our students to higher standards. All annual objectives provide us with measures to ensure that we accurately gauge our progress in attaining each goal.

Goal 1: All students will exceed educational performance standards.

Goal 2: All members of the school community will be partners in the continuing improvement of the educational system.

Goal 3: A well-balanced curriculum will be taught so that all students may realize their learning potential and prepare for productive lives.

Goal 4: A school climate will be provided that is safe, orderly, and well-maintained.

# Every child, prepared for success in college, a career or the military.

*\*adapted from TEA Strategic Plan - <https://tea.texas.gov>*

# ESSA Accountability Indicators

ESSA requires states to hold schools accountable for how students achieve. This means each state is responsible for having a plan in place to identify schools that are underperforming. In other words, it is a way for states to know how students are faring.

Under the law, there are specific things that must be in the state's accountability plan.

**Accountability indicators:** ESSA requires each state to choose a minimum of five ways to measure school performance. The first four are academic indicators that are mandatory:

1. Academic achievement
2. Academic progress
3. English language proficiency
4. High school graduation rates
5. The fifth measure must be a way to measure school quality or student success, and states can select more than one way to do this. For example, states can choose to measure any of the following areas:
  - Kindergarten readiness
  - Access to and completion of advanced coursework
  - College readiness
  - Discipline rates
  - Chronic absenteeism

# District of Innovation

George West ISD seeks to create flexibility and opportunities for students in order to personalize and maximize learning at all levels of the district. The selection of exemptions contained within this plan were carefully chosen based on the needs of the local school district.

The term of the original George West ISD District of Innovation Plan was the five-year span beginning with the 2017-2018 school year through the end of the 2021-2022 school year, the GWISD Board of Trustees has since amended and renewed the plan for the term beginning January 1, 2022 and ending December 31, 2026.

GWISD seeks exemptions from the following provisions of the Texas Education Code:

- Uniform Start Date
- Minutes of Instruction and Length of the Instructional Day
- 90 Percent Attendance Requirement
- Teacher Certification and Field-Based Experience Requirement
- Probationary Contracts
- Student Discipline (DAEP)
- School District Depositories
- Student Transfers
- Provide Alternative Uniform Insurance Group Coverage to all Staff

# Assessment of the Current Situation

## Comprehensive Needs Assessment

To assess where our students are in relation to our Vision, Mission, and our board-approved goals, the DAC reviewed all available data to identify our strengths and to prioritize our most urgent needs. Formal review includes data from the following:

- Results of community and parent surveys
- Disaggregation of longitudinal TAPR data
- Disaggregation of current-year TAPR data
- Results of benchmark assessments
- Prior year budgets/entitlements and expenditures in relation to current year funding and priorities
- Staff development needs surveys
- District-led administrative meetings
- Results of State & Federal planning requirements
- Teacher retention rates
- Student retention rates
- Results of Comprehensive Needs Assessment (CNA on three Title I campuses)
- Performance Based Monitoring (PBM)
- House Bill 5 Evaluations

Informal measures include such as the following:

- Needs identified through campus faculty meetings carried forward to DAC meetings
- Review of previous year initiatives to determine over-all effectiveness and implementation level and to consider continued development/modifications and necessary continued funding.
- DAC Committee reports (assessing progress of initiatives)

## ESSA Accountability Indicators

ESSA requires states to hold schools accountable for how students achieve. This means each state is responsible for having a plan in place to identify schools that are underperforming. In other words, it's a way for states to know how students are faring.

Under the law, there are specific things that must be in the state's accountability plan.

**Accountability indicators:** ESSA requires each state to choose a minimum of five ways to measure school performance. The first four are academic indicators that are mandatory:

1. Academic achievement
2. Academic progress
3. English language proficiency
4. High school graduation rates

5. The fifth measure must be a way to measure school quality or student success, and states can select more than one way to do this. For example, states can choose to measure any of the following areas:

- \*Kindergarten readiness
- \*Access to and completion of advanced coursework
- \*College readiness
- \*Discipline rates
- \*Chronic absenteeism

George West Junior High will use supplemental support programs such as State Compensatory Education, Federal Programs, and State Grant Programs to increase student achievement and reduce dropout rates. The district will provide high-quality education that will enable all children to meet the state student performance standards.

**George West Junior High Goals**

George West ISD sets goals and are integrated into the philosophy and daily operation of the district.

- Goal 1: All students will excel and maintain high achievement to meet state criteria and standards in reading/language arts and mathematics.
- Goal 2: All members of the school community will be partners in the continuing improvement of the educational system.
- Goal 3: All students will be taught by highly qualified teachers.
- Goal 4: All students will be educated in learning environments that are safe, drug-free, and conducive to learning.
- Goal 5: A well-balanced curriculum will be taught so all students may realize their learning potential and prepare for productive lives.

## COMPREHENSIVE NEEDS ASSESSMENT

In accordance with state and federal legislative requirements, the staff at George West Junior High conducted a comprehensive needs assessment for the 2020-2021 school year. The needs assessment was conducted to identify gaps in the areas listed below and the following resources were used to conduct the needs assessment: most current TAPR Report, end of the year attendance reports, 20-21 School Demographics, Comprehensive Needs Assessment Surveys – teachers, students, and parents, and student achievement. Data and findings from the comprehensive needs assessment were then used to develop the activities/strategies in the additional sections of the Campus Improvement Plan.

### **Campus Demographics**

The staff at George West Junior High School includes 11 teachers, 4 paraprofessionals, 1 counselor, and 1 administrator. The 132 student population consists of 55% Hispanic, 44% White, and 1% Multiple Race, 0% African American, .0% Asian, and 0% American Indian. Additionally, the campus serves 63% economically disadvantaged students, 10% special education students, 2% Limited English or ESL students, and 0% Immigrant students. Students attended 95% of the time based on the end of the year attendance reports. The following data were reviewed in relation to campus demographics:

To determine the above referenced demographic information, GWJH reviewed the School-Enrollment by Special Population to determine the campus's student population. Also reviewed were state AEIS reports to determine the mobility rate and campus generated end of the year attendance reports to review attendance rates.

Upon review of these data, several findings were noted. These findings include:

From the 2019-2020 school year to the 2020-2021 school year, GWJH's demographics and economically demographics changed slightly this year. The following subpopulations dropped; Multi Race 1%, Hispanic 3%, ESL 1%. The following subpopulations increased; White 4%, Special Education 4% and Economically Disadvantaged 2%. The following subpopulations stayed the same; African American, Asians, and Immigrant students. It is imperative that we meet the needs of all students to increase academic achievement. Due to campus and district budget constraints, we must determine effective and efficient use of staffing to support student achievement. Attendance also remained the same at 95%.

Areas of need include:

As defined in the Campus Improvement Plan, we must create opportunities for all our students to increase levels of academic success and to reach Exemplary status and Meet Adequate Yearly Progress at George West Junior High School. Additionally, effort to promote and increase attendance rates will continue.

### **Student Achievement**

The following data were reviewed in relation to Student Achievement:

In accordance with Texas state legislative requirements, the staff at George West Junior High School conducted a comprehensive needs assessment for the 2020-2021 school year. The needs assessment was conducted to identify gaps in student achievement and other areas for improvement. The information used to conduct the needs assessment included: 2019-2020 and 2020-2021 Comparative Data, Spring 2021 STAAR Data, 2020-2021 GWJH End Student Grade Report, and the 2021 Beginning of the Year Assessment data.

Upon review of these data, several findings were noted. These findings include:

A student group with fewer than ninety percent of students passing in a given assessed content area is identified as a priority. With the increased rigor of the current accountability system all subjects and subgroups will need to be a priority. However, special attention needs to be focused on science, social studies, and ELAR TEKS. Along with any regression in a specific subject due to COVID.

Areas of need include:

Best practices will be used to address the areas of need in the content areas and student groups identified. Strategies to address the need in these areas are delineated in Part 1 of the Campus Improvement Plan.

### **School Culture, Climate, and Organization**

The following data were reviewed in relation to School Culture, Climate, and Organization:

Comprehensive Needs Assessment Parent, Teacher, and Student Surveys, Campus Discipline Reports, PBMAS Report

Upon review of these data, several findings were noted. These findings include:

Employee perceptions revealed in our 2020-2021 survey indicated that a school-wide focus for the 2021-2022 school year will continue to ensuring that the staff receive more relevant staff development including ways to motivate students, content specific best practices, reducing student conflict in the classroom, classroom management, updated technology support, and differentiated instruction to meet the needs of all students.

Based on discipline reports from the 2020-2021 Ascender database, students were assigned to In School Suspension 53 times, Out of School Suspension 15 times, and Alternative Place 3 times. List below is a breakdown by ethnicity:

Type	Total	Placements	Two or more Races	Hispanic	White	Male	Female	SPED
ISS	53	22 – 42%	31 – 58%	47 – 89%	6 – 11%	16 – 30%		
OSS	15	11 – 73%	4 – 27%	11 – 73%	4 – 27%	5 – 33%		
DAEP	4	1 – 25%	3 – 75%	3 – 75%	1 – 25%	1 – 25%

## Comprehensive Needs Assessment

The following data sources were reviewed to assess the campus' strengths and priorities:

Disaggregated student assessment information  
TAPR for 2018 and 2019  
AYP for 2018 and 2019  
Student demographics  
Teacher and parent interviews  
Technology, Fiscal and Facility Resources  
Participation records of students enrolled in special programs (GT, Special education, ESL)  
Staff Development Records  
Assessment data and curriculum alignment  
10. Impact of initiatives on student performance

### Identified Strengths:

From the data sources above the following strengths were identified:

Low student-teacher ratio  
Quality on-going staff development  
Experienced teachers committed to student success  
Low teacher turnover  
Multi-year STAAR data show gains in most areas since 2007  
TEA 2019 Distinctions in Accelerated Student Progress in ELA Reading  
TEA 2019 Distinction in Grade 4 Reading Performance (Masters)  
TEA 2019 Distinction in Grade 5 Reading Performance (Masters)  
TEA 2019 Distinction in Grade 5 Science Performance (Masters)  
TEA 2019 Top 25% Comparative in Closing the GAPS #11  
In 2016 The campus received distinction designations in all possible areas. In 2018-2019 distinctions in 4 out of 6.

### From performance data review and teacher and parent survey/interviews, the following critical issues were identified:

In most areas of the STAAR, the percent of at-risk students who "met standard" were lower than the other student groups  
Curriculum needs to be developed to address higher order thinking skills needed for TAKS now to STAAR  
Stronger staff development needs to be implemented  
Strategies are needed to address the needs of the economically disadvantaged, Hispanics and at-risk students  
Vertical alignment is needed in all core subject areas across grade levels and campuses  
Technology needs to be further implemented in the classroom and lab setting  
Hands-on science experiences need to be used in all grade levels  
Parent support and involvement in education process

The 2007-2019 accountability reports indicate that GWES is addressing the needs of our students. As indicated on the accompanying chart, we need to address the needs of the Hispanic and economically disadvantaged in both reading and math. While the gap between the ethnic groups and economically disadvantaged has improved slightly, we still have gaps that need to be closed.

Retention of highly qualified teachers will be maintained by the following as the need arises:

Grade level meetings

Mentor teachers

Classroom observations

TEKS/STAAR effective instructional strategies

Supplies and materials necessary to teach TEKS/STAAR Objectives

Technology (equipment and software for remediation and administration)

Support by campus and district administration

Time will be provided for follow-up on professional development and collaborative planning sessions

Improvement of Curriculum Calendars by stressing our weaknesses

At George West Elementary School, we have a school-wide Title I school program with approximately 57% economically disadvantaged and use the following fund sources to improve our educational program.

Multiple sources are used to support each of the educational programs on The Elementary campus. The funds used are as follows:

Fund Sources

Local Funds

Title I, Part A

Title II, Part D

Title V, Part A

Title VI, Part B

*We strive to accomplish our mission by plain, simple hard work. Our staff takes a personal interest in the life of every child. Our staff goes above and beyond the call of duty as they work with our children. It is not uncommon to see teachers working at lunch, during conference periods, and after school with students who need extra help. Many schools express the belief that “all children can learn”. At our school we make that a reality.*

*We have learned that, when provided the necessary assistance, all students can and do learn. Much of our success can be attributed to the additional opportunities we provide for our students who are at risk of failing to perform on grade level. We started a summer reading program called Jump Start. We provide highly qualified teachers and paraprofessionals.*

## **Vision**

*We expect all children to reach their academic potential, regardless of who they are or from where*

## **Vision Continued**

*they come. We expect them to acquire the knowledge base, the character traits, and the work ethic they will need to be successful adults.*

# George West ISD Student Code of Conduct

## Student Code of Conduct

### Accessibility

If you have difficulty accessing the information in this document because of disability, please contact the George West ISD Administration office at 361-449-1914.

### Purpose

The Student Code of Conduct (“Code”), as required by Chapter 37 of the Texas Education Code, provides methods and options for managing student behavior, preventing and intervening in student discipline problems, and imposing discipline.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences, including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

This Student Code of Conduct has been adopted by the *George West ISD* board of trustees and developed with the advice of the district-level planning and decision-making committee. It provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. This Code remains in effect during summer school and at all school-related events and activities outside the school year until the board adopts an updated version for the next school year.

In accordance with state law, the Code shall be posted at each school campus or shall be available for review at the campus principal’s office. Additionally, the Code shall be available at the campus behavior coordinator’s office and posted on the district’s website at [www.gwisd.us](http://www.gwisd.us). Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP or JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Student Code of Conduct is adopted by the district’s board of trustees, it has the force of policy. In the event of a conflict between the Code and the Student Handbook, the Code shall prevail.

**Please note:** The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

## **School District Authority and Jurisdiction**

School rules and the district's authority to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

1. During the regular school day;
2. While the student is traveling on district transportation;
3. During lunch periods in which a student is allowed to leave campus;
4. At any school-related activity, regardless of time or location;
5. For any school-related misconduct, regardless of time or location;
6. When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;
7. When a student engages in cyberbullying, as defined by Education Code 37.0832;
8. When criminal mischief is committed on or off school property or at a school-related event;
9. For certain offenses committed within 300 feet of school property as measured from any point on the school's real property boundary line;
10. For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas;
11. When the student commits a felony, as provided by Education Code 37.006 or 37.0081; and
12. When the student is required to register as a sex offender.

### **Campus Behavior Coordinator**

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. The designated person may be the principal or any other campus administrator selected by the principal. The campus behavior coordinator is primarily responsible for maintaining student discipline. The district shall post on its website and in the Student Handbook, for each campus, the email address and telephone number of the person serving as campus behavior coordinator. Contact information may be found at [www.gwisd.us](http://www.gwisd.us).

### **Threat Assessment and Safe and Supportive School Team**

The campus behavior coordinator or other appropriate administrator will work closely with the campus threat assessment safe and supportive school team to implement the district's threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code.

### **Searches**

District officials may conduct searches of students, their belongings, and their vehicles in accordance with state and federal law and district policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner. Refer to the district's policies at FNF(LEGAL) and FNF(LOCAL) for more information regarding investigations and searches.

The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable suspicion to believe it contains articles or materials prohibited by the district.

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice.

### **Reporting Crimes**

The principal *or* campus behavior coordinator and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

### **Security Personnel**

To ensure the security and protection of students, staff, and property, the board employs police officers, school resource officers (SROs), **and/or** security personnel. In accordance with law, the board has coordinated with the campus behavior coordinator and other district employees to ensure appropriate law enforcement duties are assigned to security staff. The law enforcement duties of district peace officers are listed in policy CKE(LOCAL).

The law enforcement duties of school resource officers are: *Insert the law enforcement duties performed by SROs working with the district.*

### **“Parent” Defined**

Throughout the Code of Conduct and related discipline policies, the term “parent” includes a parent, legal guardian, or other person having lawful control of the child.

### **Participating in Graduation Activities**

The district has the right to limit a student’s participation in graduation activities for violating the district’s Code.

Participation might include a speaking role, as established by district policy and procedures.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered eligible, a student shall not have engaged in any misconduct that resulted in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

The valedictorian and salutatorian may also have speaking roles at graduation. No student shall be eligible to have such a speaking role if he or she engaged in any misconduct that resulted in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

### **Unauthorized Persons**

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have the authority to refuse entry to or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or

## *School District Authority and Jurisdiction*

2. The person behaves in a manner that is inappropriate for a school setting and persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL), as appropriate. However, the timelines for the district's grievance procedures shall be adjusted as necessary to permit the person to address the board in person within 90 calendar days, unless the complaint is resolved before a board hearing.

See **DAEP—Restrictions During Placement** on page 21 for information regarding a student assigned to DAEP at the time of graduation.

## *General Conduct Violations*

- Send, post, deliver, or possess electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal, including cyberbullying and "sexting," either on or off school property, if the conduct causes a substantial disruption to the educational environment or infringes on the rights of another student at school.

- Engage in actions or demonstrations that substantially disrupt or materially interfere with school activities.
- Repeatedly violate other communicated campus or classroom standards of conduct.

The district may impose campus or classroom rules in addition to those found in the Code. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Code.

## **Discipline Management Techniques**

Discipline shall be designed to improve conduct and encourage students to be responsible members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques. Discipline shall be based on the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements.

### **Students with Disabilities**

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. In the event of any conflict, the district shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF(LEGAL).

In accordance with the Education Code, a student who receives special education services may not be disciplined for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists (see **glossary**) until an ARD committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

### **Techniques**

The following discipline management techniques may be used alone, in combination, or as part of progressive interventions for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Verbal correction, oral or written.
- Cooling-off time or a brief "time-out" period, in accordance with law.
- Seating changes within the classroom or vehicles owned or operated by the district.
- Temporary confiscation of items that disrupt the educational process.
- Rewards or demerits.
- Behavioral contracts.
- Counseling by teachers, school counselors, or administrative personnel.
- Parent-teacher conferences.
- Behavior coaching.
- Anger management classes.
- Mediation (victim-offender).
- Classroom circles.
- Family group conferencing.
- Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.

- Detention, including outside regular school hours.
- Sending the student to the office, another assigned area, or to in-school suspension.
- Assignment of school duties, such as cleaning or picking up litter.
- Withdrawal of privileges, such as participation in extracurricular activities, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
- Penalties identified in student organizations' extracurricular standards of behavior.
- Restriction or revocation of district transportation privileges.
- School-assessed and school-administered probation.
- Corporal punishment, unless the student's parent or guardian has provided a signed statement prohibiting its use.
- Out-of-school suspension, as specified in **Out-of-School Suspension** on page 15.
- Placement in a DAEP, as specified in **DAEP** on page 16.
- Expulsion and/or placement in an alternative educational setting, as specified in **Placement and/or Expulsion for Certain Offenses** on page 24.
- Expulsion, as specified in **Expulsion** on page 27.
- Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the district.
- Other strategies and consequences as determined by school officials.

### **Prohibited Aversive Techniques**

Aversive techniques are prohibited for use with students and are defined as techniques or interventions intended to reduce the reoccurrence of a behavior by intentionally inflicting significant physical or emotional discomfort or pain. Aversive techniques include:

- Using techniques designed or likely to cause physical pain, other than corporal punishment as permitted by district policy. [See policy FO(LOCAL).]
- Using techniques designed or likely to cause physical pain by electric shock or any procedure involving pressure points or joint locks.
- Directed release of noxious, toxic, or unpleasant spray, mist, or substance near a student's face.
- Denying adequate sleep, air, food, water, shelter, bedding, physical comfort, supervision, or access to a restroom facility.
- Ridiculing or demeaning a student in a manner that adversely affects or endangers the learning or mental health of the student or constitutes verbal abuse.
- Employing a device, material, or object that immobilizes all four of a student's extremities, including prone or supine floor restraint.
- Impairing the student's breathing, including applying pressure to the student's torso or neck or placing something in, on, or over the student's mouth or nose or covering the student's face.

- Restricting the student's circulation.
- Securing the student to a stationary object while the student is standing or sitting.
- Inhibiting, reducing, or hindering the student's ability to communicate.
- Using chemical restraints.
- Using time-out in a manner that prevents the student from being able to be involved in and progress appropriately in the required curriculum or any applicable individualized education program (IEP) goals, including isolating the student using physical barriers.
- Depriving the student of one or more of the student's senses, unless the technique does not cause the student discomfort or complies with the student's IEP or behavior intervention plan (BIP).

### **Notification**

The campus behavior coordinator shall promptly notify a student's parent by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code.

A good-faith effort shall be made to provide written notice of the disciplinary action to the student, on the day the action was taken, for delivery to the student's parent. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under age 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

### **Appeals**

Questions from parents regarding disciplinary measures should be addressed to the teacher, campus administration, or campus behavior coordinator, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG(LOCAL). A copy of the policy may be obtained from the principal's office, the campus behavior coordinator's office, or the central administration office or through Policy On Line at the following address: <https://pol.tasb.org/Home/Index/827>.

The district shall not delay a disciplinary consequence while a student or parent pursues a grievance. In the instance of a student who is accused of conduct that meets the definition of sexual harassment as defined by Title IX, the district will comply with applicable federal law, including the Title IX formal complaint process. See policies FFH(LEGAL) and (LOCAL).

## **Removal from the School Bus**

A bus driver may refer a student to the principal's office or the campus behavior coordinator's office to maintain effective discipline on the bus. The principal or campus behavior coordinator must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student's bus riding privileges.

To transport students safely, the vehicle operator must focus on driving and not be distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal or the campus behavior coordinator may restrict or revoke a student's transportation privileges, in accordance with law.

## **Removal from the Regular Educational Setting**

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

### **Routine Referral**

A routine referral occurs when a teacher sends a student to the campus behavior coordinator's office as a discipline management technique. The campus behavior coordinator shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for behavior that violates this Code to maintain effective discipline in the classroom.

### **Formal Removal**

A teacher may initiate a formal removal from class if:

1. A student's behavior has been documented by the teacher as repeatedly interfering with the teacher's ability to teach the class or with other students' ability to learn; or
2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the campus behavior coordinator or appropriate administrator shall schedule a conference with the student's parent, the student, the teacher who removed the student from class, and any other appropriate administrator.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student of the alleged misconduct and the proposed consequences. The student shall have an opportunity to respond to the allegations.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

A teacher or administrator must remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion shall be followed.

### **Returning a Student to the Classroom**

A student who has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, or aggravated sexual assault may not be returned to the teacher's class without the teacher's consent.

A student who has been formally removed by a teacher for any other conduct may be returned to the teacher's class without the teacher's consent if the placement review committee determines that the teacher's class is the best or only alternative available.

## **Out-of-School Suspension**

### **Misconduct**

Students may be suspended for behavior listed in the Code as a general conduct violation, DAEP offense, or expellable offense.

The district shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law.

A student below grade 3 or a student who is homeless shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code sections 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students below grade 3 who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

### **Process**

State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall inform the student of the alleged misconduct and give the student an opportunity to respond to the allegation before the administrator makes a decision.

The campus behavior coordinator shall determine the number of days of a student's suspension, not to exceed three school days.

In deciding whether to order out-of-school suspension, the campus behavior coordinator shall take into consideration:

1. Self-defense (see **glossary**),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student's status as homeless.

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and cocurricular activities.

### **Coursework During Suspension**

The district shall ensure a student receives access to coursework for foundation curriculum courses while the student is placed in in-school or out-of-school suspension, including at least one method of receiving this coursework that doesn't require the use of the internet.

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity before the beginning of the next school year to complete each course the student was enrolled in at the time of removal. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district.

## **Disciplinary Alternative Education Program (DAEP) Placement**

The DAEP shall be provided in a setting other than the student's regular classroom. An elementary school student may not be placed in a DAEP with a student who is not an elementary school student.

For purposes of DAEP, elementary classification shall be kindergarten–grade 6 and secondary classification shall be grades 7–12.

Summer programs provided by the district shall serve students assigned to a DAEP in conjunction with other students.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see **glossary**),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student's status as homeless.

### **Discretionary Placement: Misconduct That May Result in DAEP Placement**

A student may be placed in a DAEP for behaviors prohibited in the General Conduct Violations section of this Code.

#### **Misconduct Identified in State Law**

In accordance with state law, a student **may** be placed in a DAEP for any of the following offenses:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or of a student who is 18 years of age or older without the student's consent.
- Involvement in a public school fraternity, sorority, or secret society, or gang including participating as a member or pledge, or soliciting another person to become a pledge or member of a public school fraternity, sorority, secret society, or gang. (See **glossary**.)
- Involvement in criminal street gang activity. (See **glossary**.)
- Any criminal mischief, including a felony.
- Assault (no bodily injury) with threat of imminent bodily injury.
- Assault by offensive or provocative physical contact.

## *Disciplinary Alternative Education Program (DAEP) Placement*

In accordance with state law, a student **may** be placed in a DAEP if the superintendent or the superintendent's designee has reasonable belief (see **glossary**) that the student engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses in Title 5 (see **glossary**) of the Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student's presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus behavior coordinator **may** place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

### **Mandatory Placement: Misconduct That Requires DAEP Placement**

A student **must** be placed in a DAEP if the student:

- Engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school. (See **glossary**.)
- Commits the following offenses on school property, within 300 feet of school property as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
  - Engages in conduct punishable as a felony.
  - Commits an assault (see **glossary**) under Penal Code 22.01(a)(1).
  - Sells, gives, or delivers to another person or possesses, uses, or is under the influence of marijuana, a controlled substance, or a dangerous drug in an amount not constituting a felony offense. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (School-related felony drug offenses are addressed in **Expulsion** on page 27.) (See **glossary** for "under the influence" "controlled substance," and "dangerous drug.")
  - Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol, if the conduct is not punishable as a felony offense. (School-related felony alcohol offenses are addressed in **Expulsion** on page 27.)
  - Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
  - Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure. (See **glossary**.)
  - Engages in conduct that contains the elements of an offense of harassment against an employee under Penal Code 42.07(a)(1), (2), (3), or (7).
- Engages in expellable conduct and is between six and nine years of age.
- Commits a federal firearms violation and is younger than six years of age.
- Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in **Expulsion** on page 27.)
- Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see **glossary**) of the Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:

## *Disciplinary Alternative Education Program (DAEP) Placement*

1. The student receives deferred prosecution (see **glossary**),
2. A court or jury finds that the student has engaged in delinquent conduct (see **glossary**), or
3. The superintendent or designee has a reasonable belief (see **glossary**) that the student engaged in the conduct.

### **Sexual Assault and Campus Assignments**

A student shall be transferred to another campus if:

- The student has been convicted of continuous sexual abuse of a young child or disabled individual or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus; and
- The victim's parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus.

If there is no other campus in the district serving the grade level of the offending student, the offending student shall be transferred to a DAEP.

### **Process**

Removals to a DAEP shall be made by the campus behavior coordinator.

### **Conference**

When a student is removed from class for a DAEP offense, the campus behavior coordinator or appropriate administrator shall schedule a conference within three school days with the student's parent, the student, and, in the case of a teacher removal, the teacher.

At the conference, the campus behavior coordinator or appropriate administrator shall provide the student:

- Information, orally or in writing, of the reasons for the removal;
- An explanation of the basis for the removal; and
- An opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student's parents attend the conference.

### **Consideration of Mitigating Factors**

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see **glossary**),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student's status as homeless.

## *Disciplinary Alternative Education Program (DAEP) Placement*

### **Placement Order**

After the conference, if the student is placed in a DAEP, the campus behavior coordinator shall write a placement order. A copy of the DAEP placement order shall be sent to the student and the student's parent.

Not later than the second business day after the conference, the board's designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code.

If the student is placed in a DAEP and the length of placement is inconsistent with the guidelines included in this Code, the placement order shall give notice of the inconsistency.

### **Coursework Notice**

The parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete, at no cost to the student, a foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation. The notice shall include information regarding all methods available for completing the coursework.

### **Length of Placement**

The campus behavior coordinator shall determine the duration of a student's placement in a DAEP.

The duration of a student's placement shall be determined case by case based on the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year, except as provided below.

Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student's DAEP placement order.

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

### **Exceeds One Year**

Placement in a DAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

### **Exceeds School Year**

Students who are in a DAEP placement at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board's designee must determine that:

1. The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others, or

## *Disciplinary Alternative Education Program (DAEP) Placement*

2. The student has engaged in serious or persistent misbehavior (see **glossary**) that violates the district's Code.

### **Exceeds 60 Days**

For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student's parent shall be given notice and the opportunity to participate in a proceeding before the board or the board's designee.

### **Appeals**

Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student's placement in a DAEP should be addressed in accordance with policy FNG(LOCAL). A copy of this policy may be obtained from the principal's office, the campus behavior coordinator's office, the central administration office, or through Policy On Line at the following address: <https://pol.tasb.org/Home/Index/827>.

Appeals shall begin at *Level I* with the campus principal

The district shall not delay disciplinary consequences pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board.

### **Restrictions During Placement**

The district does not permit a student who is placed in a DAEP to participate in any school-sponsored or school-related extracurricular or cocurricular activity, including seeking or holding honorary positions and/or membership in school-sponsored clubs and organizations.

A student placed in a DAEP shall not be provided transportation unless he or she is a student with a disability who is entitled to transportation in accordance with the student's individualized education program (IEP) or Section 504 plan.

### **Placement Review**

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent.

### **Additional Misconduct**

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator may enter an additional disciplinary order as a result of those proceedings.

### **Notice of Criminal Proceedings**

When a student is placed in a DAEP for certain offenses, the office of the prosecuting attorney shall notify the district if:

## *Disciplinary Alternative Education Program (DAEP) Placement*

1. Prosecution of a student's case was refused for lack of prosecutorial merit or insufficient evidence, and no formal proceedings, deferred adjudication (see **glossary**), or deferred prosecution will be initiated; or
2. The court or jury found a student not guilty or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student's placement and schedule a review with the student's parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student's parent, the superintendent or designee may continue the student's placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student's parent may appeal the superintendent's decision to the board. The student may not be returned to the regular classroom pending the appeal. In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student's parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student's parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.

### **Withdrawal During Process**

When a student violates the district's Code in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the campus behavior coordinator may complete the proceedings and issue a placement order. If the student then re-enrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the campus behavior coordinator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

### **Newly Enrolled Students**

The district shall decide on a case-by-case basis whether to continue the placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district including a district in another state. The district may place the student in the district's DAEP or a regular classroom setting.

When a student enrolls in the district with a DAEP placement from a district in another state, the district has the right to place the student in DAEP to the same extent as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

State law requires the district to reduce a placement imposed by a district in another state that exceeds one year so that the total placement does not exceed one year. After a review,

## *Disciplinary Alternative Education Program (DAEP) Placement*

however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees or the extended placement is in the best interest of the student.

### **Emergency Placement Procedure**

When an emergency placement is necessary because the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

### **Transition Services**

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA(LEGAL) for more information.

## **Placement and/or Expulsion for Certain Offenses**

This section includes two categories of offenses for which the Education Code provides unique procedures and specific consequences.

### **Registered Sex Offenders**

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the district must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the student shall be placed in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the student may be placed in DAEP or JJAEP for one semester or placed in a regular classroom. The student may not be placed in the regular classroom if the board or its designee determines that the student's presence:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interests of the district's students.

### **Review Committee**

At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the district shall convene a committee, in accordance with state law, to review the student's placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee's recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

### **Newly Enrolled Students**

If a student enrolls in the district during a mandatory placement as a registered sex offender, the district may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

### **Appeal**

A student or the student's parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student's parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

### **Certain Felonies**

Regardless of whether placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education Code 37.0081, a student may be expelled and placed in either DAEP or JJAEP if the board or campus behavior coordinator makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 (see **glossary**) of the Penal Code. The student must:

## *Placement and/or Expulsion for Certain Offenses*

- Have received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or
- Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The district may expel the student and order placement under these circumstances regardless of:

1. The date on which the student's conduct occurred,
2. The location at which the conduct occurred,
3. Whether the conduct occurred while the student was enrolled in the district, or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

### **Hearing and Required Findings**

The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student's presence in the regular classroom:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interest of the district's students.

Any decision of the board or the board's designee under this section is final and may not be appealed.

### **Length of Placement**

The student is subject to the placement until:

1. The student graduates from high school,
2. The charges are dismissed or reduced to a misdemeanor offense, or
3. The student completes the term of the placement or is assigned to another program.

### **Placement Review**

A student placed in a DAEP or JJAEP under this section is entitled to a review of his or her status, including academic status, by the campus behavior coordinator or board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall have the opportunity to present arguments for the student's return to the regular classroom or campus.

## *Placement and/or Expulsion for Certain Offenses*

### **Newly Enrolled Students**

A student who enrolls in the district before completing a placement under this section from another school district must complete the term of the placement.

## **Expulsion**

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see **glossary**),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student's status as homeless.

### **Discretionary Expulsion: Misconduct That May Result in Expulsion**

Some of the following types of misconduct may result in mandatory placement in a DAEP, whether or not a student is expelled. (See **DAEP Placement** on page 16.)

#### **Any Location**

A student **may** be expelled for:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or of a student who is 18 years of age or older without the student's consent.
- Conduct that contains the elements of assault under Penal Code 22.01(a)(1) in retaliation against a school employee or volunteer.
- Criminal mischief, if punishable as a felony.
- Engaging in conduct that contains the elements of one of the following offenses against another student:
  - Aggravated assault.
  - Sexual assault.
  - Aggravated sexual assault.
  - Murder.
  - Capital murder.
  - Criminal attempt to commit murder or capital murder.
  - Aggravated robbery.
- Breach of computer security. (See **glossary**.)
- Engaging in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school.

### **At School, Within 300 Feet, or at a School Event**

A student **may** be expelled for committing any of the following offenses on or within 300 feet of school property, as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

- Selling, giving, or delivering to another person, or possessing, using, or being under the influence of marijuana, a controlled substance, or a dangerous drug, if the conduct is not punishable as a felony. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (See **glossary** for "under the influence.")
- Selling, giving, or delivering another person, or possessing, using, or being under the influence of alcohol; or committing a serious act or offense while under the influence of alcohol, if the conduct is not punishable as a felony.
- Engaging in conduct that contains the elements of an offense relating to abusable volatile chemicals.
- Engaging in conduct that contains the elements of assault under Penal Code 22.01(a)(1) against an employee or a volunteer.
- Engaging in deadly conduct. (See **glossary**.)

### **Within 300 Feet of School**

A student **may** be expelled for engaging in the following conduct while within 300 feet of school property, as measured from any point on the school's real property boundary line:

- Aggravated assault, sexual assault, or aggravated sexual assault.
- Arson. (See **glossary**.)
- Murder, capital murder, or criminal attempt to commit murder or capital murder.
- Indecency with a child.
- Aggravated kidnapping.
- Manslaughter.
- Criminally negligent homicide.
- Aggravated robbery.
- Continuous sexual abuse of a young child or disabled individual.
- Felony drug- or alcohol-related offense.
- Unlawfully carrying on or about the student's person a handgun or a location-restricted knife, as these terms are defined by state law. (See **glossary**.)
- Possessing, manufacturing, transporting, repairing, or selling a prohibited weapon, as defined by state law. (See **glossary**.)
- Possession of a firearm, as defined by federal law. (See **glossary**.)

### **Property of Another District**

A student **may** be expelled for committing any offense that is a state-mandated expellable offense if the offense is committed on the property of another district in Texas or while the

student is attending a school-sponsored or school-related activity of a school in another district in Texas.

### **While in a DAEP**

A student may be expelled for engaging in documented serious misbehavior that violates the district's Code, despite documented behavioral interventions while placed in a DAEP. For purposes of discretionary expulsion from a DAEP, serious misbehavior means:

1. Deliberate violent behavior that poses a direct threat to the health or safety of others;
2. Extortion, meaning the gaining of money or other property by force or threat;
3. Conduct that constitutes coercion, as defined by Penal Code 1.07; or
4. Conduct that constitutes the offense of:
  - a. Public lewdness under Penal Code 21.07;
  - b. Indecent exposure under Penal Code 21.08;
  - c. Criminal mischief under Penal Code 28.03;
  - d. Hazing under Education Code 37.152; or
  - e. Harassment under Penal Code 42.07(a)(1) of a student or district employee.

### **Mandatory Expulsion: Misconduct That Requires Expulsion**

A student **must** be expelled under federal or state law for any of the following offenses that occur on school property or while attending a school-sponsored or school-related activity on or off school property:

#### **Under Federal Law**

- Bringing to school or possessing at school, including any setting that is under the district's control or supervision for the purpose of a school activity, a firearm, as defined by federal law. (See **glossary**.)

**Note:** Mandatory expulsion under the federal Gun Free Schools Act does not apply to a firearm that is lawfully stored inside a locked vehicle or to firearms used in activities approved and authorized by the district when the district has adopted appropriate safeguards to ensure student safety.

#### **Under the Penal Code**

- Unlawfully carrying on or about the student's person the following, in the manner prohibited by Penal Code 46.02:
  - A handgun, defined by state law as any firearm designed, made, or adapted to be used with one hand. (See **glossary**.) *Note:* A student may not be expelled solely on the basis of the student's use, exhibition, or possession of a firearm that occurs at an approved target range facility that is not located on a school campus; while participating in or preparing for a school-sponsored, shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department; or a shooting sports sanctioning organization working with the department. [See policy FNCG(LEGAL).]
  - A location-restricted knife, as defined by state law. (See **glossary**.)

- Possessing, manufacturing, transporting, repairing, or selling a prohibited weapon, as defined in state law. (See **glossary**.)

- Engaging in retaliation against a school employee or volunteer combined with one of the above-listed mandatory expulsion offenses

### **Under Age Ten**

When a student under the age of ten engages in behavior that is expellable behavior, the student shall not be expelled, but shall be placed in a DAEP. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.

### **Process**

If a student is believed to have committed an expellable offense, the campus behavior coordinator or other appropriate administrator shall schedule a hearing within a reasonable time. The student's parent shall be invited in writing to attend the hearing.

Until a hearing can be held, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

### **Hearing**

A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

1. Representation by the student's parent or another adult who can provide guidance to the student and who is not an employee of the district,

2. An opportunity to testify and to present evidence and witnesses in the student's defense, and
3. An opportunity to question the witnesses called by the district at the hearing.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student's parent attends.

The board of trustees delegates to the Superintendent or designee authority to conduct hearings and expel students.

### **Board Review of Expulsion**

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven days after receipt of the written decision. The superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board's designee.

The board shall consider and base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.

### **Expulsion Order**

Before ordering the expulsion, the board or campus behavior coordinator shall take into consideration:

1. Self-defense (see **glossary**),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student's status as homeless.

If the student is expelled, the board or its designee shall deliver to the student and the student's parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the Superintendent or designee shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order shall give notice of the inconsistency.

## **Length of Expulsion**

The length of an expulsion shall be based on the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, and statutory requirements.

The duration of a student's expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year, except as provided below.

An expulsion may not exceed one year unless, after review, the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

## **Withdrawal During Process**

When a student's conduct requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then re-enrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the campus behavior coordinator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

## **Additional Misconduct**

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator or the board may issue an additional disciplinary order as a result of those proceedings.

## **Restrictions During Expulsion**

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another district-approved program.

## **Newly Enrolled Students**

The district shall continue the expulsion of any newly enrolled student expelled from another district or an open-enrollment charter school until the period of the expulsion is completed.

If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

1. The out-of-state district provides the district with a copy of the expulsion order, and
2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district shall reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

1. The student is a threat to the safety of other students or district employees, or

*34 C.F.R. 106.8(c)–(d)*

Response to Sexual  
Harassment  
*Definitions*

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to a district's Title IX Coordinator or any official of the district who has authority to institute corrective measures on behalf of the district, or to any employee of an elementary and secondary school. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the district with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the district. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Consent” is not defined by the Title IX regulations, nor do the regulations require districts to adopt a particular definition of consent with respect to sexual assault.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the district. As used in this paragraph, the phrase “document filed by a complainant” means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant’s physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party to a Title IX formal complaint, and must comply with the requirements of the Title IX formal complaint process, including the informal resolution process.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual’s participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district’s education program or activity; or
3. “Sexual assault” as defined in 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

“Supportive measures” means nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal

complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or district-provided housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

*34 C.F.R. 106.2, .30(a)*

*Deliberate  
Indifference*

A district with actual knowledge of sexual harassment in an education program or activity of the district against a person in the United States, must respond promptly in a manner that is not deliberately indifferent. A district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

*Education  
Program or  
Activity*

For the purposes of 34 C.F.R. 106.30 [see Definitions, above] and 106.45 [see Process for Title IX Formal Complaint, below], "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

*34 C.F.R. 106.44(a)*

Title IX Coordinator  
Response

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. The Title IX Coordinator must respond in this manner with or without a formal complaint. *34 C.F.R. 106.44(b)(1)*

*Supportive  
Measures  
Required*

A district's response must treat complainants and respondents equitably by offering supportive measures and by following a process that complies with 34 C.F.R. 106.45 [see Process for Title IX Formal Complaint, below] before the imposition of any disciplinary

sanctions or other actions that are not supportive measures against a respondent. [For Emergency Removal procedures, see below.]

*Constitutional Restrictions*

The Department of Education may not deem a district to have satisfied the district's duty to not be deliberately indifferent under Title IX based on the district's restriction of rights protected under the U.S. Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment.

*34 C.F.R. 106.44(a)*

*Response to a Formal Complaint*

In response to a formal complaint, a district must follow a process that complies with 34 C.F.R. 106.45 [see Process for Title IX Formal Complaint, below]. *34 C.F.R. 106.44(b)(1)*

*Emergency Removal*

The Title IX regulations do not preclude a district from removing a respondent from the district's education program or activity on an emergency basis, provided that the district:

1. Undertakes an individualized safety and risk analysis;
2. Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and
3. Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

*34 C.F.R. 106.44(c)*

*Administrative Leave*

The Title IX regulations do not preclude a district from placing a nonstudent employee respondent on administrative leave during the pendency of a Title IX formal complaint. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act. *34 C.F.R. 106.44(d)*

Process for Title IX  
Formal Complaint

For the purpose of addressing formal complaints of sexual harassment, a district's process must comply with the following requirements. Any provisions, rules, or practices other than those required by this provision that a district adopts as part of its process for handling formal complaints of sexual harassment must apply equally to both parties. *34 C.F.R. 106.45(b)*

A district's Title IX formal complaint process must:

1. Treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a process that complies with the Title IX regulations before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies must be designed to restore or preserve equal access to the district's education program or activity. Such remedies may include the same individualized services described as supportive measures; however, remedies need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent;
2. Require an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence—and provide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;
3. Require that any individual designated by a district as a Title IX Coordinator, investigator, decision-maker, or any person designated by a district to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A district must ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the district's education program or activity, how to conduct an investigation and Title IX formal complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. A district must ensure that decision-makers receive training on any technology to be used at a live hearing, if any, and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. [See Hearings, below] A district also must ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. [See Investigation of a Formal Complaint, below] Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment;

4. Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process;
5. Include reasonably prompt time frames for conclusion of the Title IX formal complaint process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes, and a process that allows for the temporary delay of the Title IX formal complaint process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities;
6. Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the district may implement following any determination of responsibility;
7. State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard, apply the same standard of evidence for formal complaints against students as for formal complaints against employees, including faculty, and apply the same standard of evidence to all formal complaints of sexual harassment;
8. Include the procedures and permissible bases for the complainant and respondent to appeal;
9. Describe the range of supportive measures available to complainants and respondents; and
10. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

*34 C.F.R. 106.45(b)(1)*

*Notice of  
Allegations*

Upon receipt of a formal complaint, a district must provide the following written notice to the parties who are known:

1. Notice of the district's Title IX formal complaint process, including any informal resolution process.

2. Notice of the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
  - a. The identities of the parties involved in the incident, if known;
  - b. The conduct allegedly constituting sexual harassment; and
  - c. The date and location of the alleged incident, if known.

The written notice must include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process. The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney and may inspect and review evidence [see Investigation of a Formal Complaint, below]. The written notice must inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the Title IX formal complaint process.

If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Notice of Allegations, above, the district must provide notice of the additional allegations to the parties whose identities are known.

*34 C.F.R. 106.45(b)(2)*

*Dismissal of a  
Formal Complaint*

The district must investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the district's education program or activity, or did not occur against a person in the United States, then the district must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX; such a dismissal does not preclude action under another provision of the district's code of conduct.

The district may dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing: a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by

the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal required or permitted pursuant to 34 C.F.R. 106.45(b)(3), the district must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.

*Consolidation of  
Formal  
Complaints*

A district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a Title IX formal complaint process involves more than one complainant or more than one respondent, references in this provision to the singular "party," "complainant," or "respondent" include the plural, as applicable.

*34 C.F.R. 106.45(b)(3)–(4)*

*Investigation of a  
Formal Complaint*

When investigating a formal complaint and throughout the Title IX formal complaint process, a district must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a Title IX formal complaint (if a party is not an "eligible student," as defined in 34 C.F.R. 99.3 then the district must obtain the voluntary, written consent of a "parent," as defined in 34 C.F.R. 99.3) [see FL(LEGAL) at Education Records];
2. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
3. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
4. Provide the parties with the same opportunities to have others present during any Title IX formal complaint proceeding, including the opportunity to be accompanied to any related

meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or Title IX formal complaint proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
6. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least ten days to submit a written response, which the investigator will consider prior to completion of the investigative report. The district must make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and
7. Create an investigative report that fairly summarizes relevant evidence and, at least ten days prior to a hearing (if a hearing is required or otherwise provided) or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

*34 C.F.R. 106.45(b)(5)*

*Hearings*

The district's Title IX formal complaint process may, but need not, provide for a hearing. With or without a hearing, after the district has sent the investigative report to the parties pursuant to 34 C.F.R. 106.45(b)(5)(vii) [see Investigation of a Formal Complaint, above] and before reaching a determination regarding responsibility, the decision-maker(s) must afford each party the opportunity to submit written, relevant questions that a party wants asked of any

party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. With or without a hearing, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant. *34 C.F.R. 106.45(b)(6)(ii)*

*Determination  
Regarding  
Responsibility*

The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written determination regarding responsibility. To reach this determination, the district must apply the standard of evidence described at Process for Title IX Formal Complaint, above.

The written determination must include:

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the district's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
6. The district's procedures and permissible bases for the complainant and respondent to appeal.

The district must provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties

with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

*34 C.F.R. 106.45(b)(7)(i)–(ii)*

*Implementation  
of Remedies*

The Title IX Coordinator is responsible for effective implementation of any remedies. *34 C.F.R. 106.45(b)(7)(iv)*

*Appeals*

A district must offer both parties an appeal from a determination regarding responsibility, and from a district's dismissal of a formal complaint or any allegations therein, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

A district may offer an appeal equally to both parties on additional bases.

As to all appeals, the district must:

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
3. Ensure that the decision-maker(s) for the appeal complies with the standards in the Title IX regulations regarding conflict of interest and bias [see Process for Formal Title IX Complaint, item 3, above];
4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
5. Issue a written decision describing the result of the appeal and the rationale for the result; and
6. Provide the written decision simultaneously to both parties.

*34 C.F.R. 106.45(b)(8)*

*Informal  
Resolution*

A district may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with Title IX. Similarly, a district may not require the parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

1. Provides to the parties a written notice disclosing:
  - a. The allegations;
  - b. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and
  - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
2. Obtains the parties' voluntary, written consent to the informal resolution process; and
3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

*34 C.F.R. 106.45(b)(9)*

Recordkeeping

A district must maintain for a period of seven years records of:

1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;
2. Any appeal and the result therefrom;
3. Any informal resolution and the result therefrom; and

4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. A district must make these training materials publicly available on its website or if the district does not maintain a website the district must make these materials available upon request for inspection by members of the public.

For each response required under Title IX Coordinator Response, above, a district must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity.

If a district does not provide a complainant with supportive measures, then the district must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

*34 C.F.R. 106.45(b)(10)*

Retaliation  
Prohibited

No district or other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under Title IX.

Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

Complaints alleging retaliation may be filed according to the Process for Title IX Formal Complaint above.

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by Title IX.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a Title IX

formal complaint proceeding does not constitute retaliation prohibited by Title IX, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

*34 C.F.R. 106.71(a)–(b)*

Confidentiality

The district must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA) statute, 20 U.S.C. 1232g, or FERPA regulations, 34 C.F.R. Part 99, or as required by law, or to carry out the purposes of 34 C.F.R. Part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. *34 C.F.R. 106.71(a)*

**Note:** This policy addresses discrimination, harassment, and retaliation against District students. For provisions regarding discrimination, harassment, and retaliation against District employees, see DIA. For reporting requirements related to child abuse and neglect, see FFG. Note that FFH shall be used in conjunction with FFI (bullying) for certain prohibited conduct.

---

**Statement of Nondiscrimination**

The District prohibits discrimination, including harassment, against any student on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. The District prohibits dating violence, as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

**Discrimination**

Discrimination against a student is defined as conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law, that adversely affects the student.

**Prohibited Conduct**

In this policy, the term “prohibited conduct” includes discrimination, harassment, dating violence, and retaliation as defined by this policy, even if the behavior does not rise to the level of unlawful conduct.

Prohibited conduct also includes sexual harassment as defined by Title IX. [See FFH(LEGAL)]

**Prohibited Harassment**

Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student’s race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law, when the conduct is so severe, persistent, or pervasive that the conduct:

1. Affects a student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
3. Otherwise adversely affects the student’s educational opportunities.

Prohibited harassment includes dating violence as defined by law and this policy.

**Examples**

Examples of prohibited harassment may include offensive or derogatory language directed at another person’s religious beliefs or

practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name calling, slurs, or rumors; cyberharassment; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

**Sex-Based  
Harassment**

As required by law, the District shall follow the procedures below at Response to Sexual Harassment—Title IX upon a report of sex-based harassment, including sexual harassment, gender-based harassment, and dating violence, when such allegations, if proved, would meet the definition of sexual harassment under Title IX. [See FFH(LEGAL)]

**Sexual Harassment  
By an Employee**

Sexual harassment of a student by a District employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

1. A District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
2. The conduct is so severe, persistent, or pervasive that it:
  - a. Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or
  - b. Creates an intimidating, threatening, hostile, or abusive educational environment.

Romantic or other inappropriate social relationships between students and District employees are prohibited. Any sexual relationship between a student and a District employee is always prohibited, even if consensual. [See DH]

**By Others**

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;

2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

Examples

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, contact, or communications, including electronic communication.

Necessary or permissible physical contact such as assisting a child by taking the child's hand, comforting a child with a hug, or other physical contact not reasonably construed as sexual in nature is not sexual harassment.

**Gender-Based Harassment**

Gender-based harassment includes physical, verbal, or nonverbal conduct based on the student's gender, the student's expression of characteristics perceived as stereotypical for the student's gender, or the student's failure to conform to stereotypical notions of masculinity or femininity. For purposes of this policy, gender-based harassment is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

Examples

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include offensive jokes, name-calling, slurs, or rumors; cyberharassment; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

**Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense.

For purposes of this policy, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

**Examples**

Examples of dating violence against a student may include physical or sexual assaults; name-calling; put-downs; or threats directed at the student, the student's family members, or members of the student's household. Additional examples may include destroying property belonging to the student, threatening to commit suicide or homicide if the student ends the relationship, attempting to isolate the student from friends and family, stalking, threatening a student's spouse or current dating partner, or encouraging others to engage in these behaviors.

**Reporting Procedures**

**Student Report**

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to a teacher, school counselor, principal, other District employee, or the appropriate District official listed in this policy.

**Employee Report**

Any District employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct shall immediately notify the appropriate District official listed in this policy and take any other steps required by this policy.

**Definition of District Officials**

For the purposes of this policy, District officials are the Title IX coordinator, the ADA/Section 504 coordinator, and the Superintendent.

*Title IX  
Coordinator*

Reports of discrimination based on sex, including sexual harassment, gender-based harassment, or dating violence, may be directed to the designated Title IX coordinator for students. [See FFH(EXHIBIT)]

Coordinator*

Reports of discrimination based on disability may be directed to the designated ADA/Section 504 coordinator for students. [See FFH(EXHIBIT)]

*Superintendent*

The Superintendent shall serve as coordinator for purposes of District compliance with all other nondiscrimination laws.

**Alternative Reporting Procedures**

An individual shall not be required to report prohibited conduct to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX coordinator or ADA/Section 504 coordinator, may be directed to the Superintendent.

A report against the Superintendent may be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

**Timely Reporting**

To ensure the District's prompt investigation, reports of prohibited conduct shall be made as soon as possible after the alleged act or knowledge of the alleged act.

**Notice to Parents**

The District official or designee shall promptly notify the parents of any student alleged to have experienced prohibited conduct by a District employee or another adult.

[For parental notification requirements regarding an allegation of educator misconduct with a student, see FFF.]

**Investigation of Reports Other Than Title IX**

The following procedures apply to all allegations of prohibited conduct other than allegations of harassment prohibited by Title IX. [See FFH(LEGAL)] For allegations of sex-based harassment that, if proved, would meet the definition of sexual harassment under Title IX, including sexual harassment, gender-based harassment, and dating violence, see the procedures below at Response to Sexual Harassment—Title IX.

The District may request, but shall not require, a written report. If a report is made orally, the District official shall reduce the report to written form.

**Initial Assessment**

Upon receipt or notice of a report, the District official shall determine whether the allegations, if proved, would constitute prohibited conduct as defined by this policy. If so, the District shall immediately undertake an investigation, except as provided below at Criminal Investigation.

If the District official determines that the allegations, if proved, would not constitute prohibited conduct as defined by this policy, the District official shall refer the complaint for consideration under FFI.

**Interim Action**

If appropriate and regardless of whether a criminal or regulatory investigation regarding the alleged conduct is pending, the District shall promptly take interim action calculated to address prohibited conduct or bullying prior to the completion of the District's investigation.

If a formal complaint is not filed, the District reserves the right to investigate and respond to prohibited conduct in accordance with Board policies and the Student Code of Conduct.

Title IX Formal  
Complaint Process

To distinguish the process described below from the District's general grievance policies [see DGBA, FNG, and GF], this policy refers to the grievance process required by Title IX regulations for responding to formal complaints of sexual harassment as the District's "Title IX formal complaint process."

The Superintendent shall ensure the development of a Title IX formal complaint process that complies with legal requirements. [See FFH(LEGAL)] The formal complaint process shall be posted on the District's website. In compliance with Title IX regulations, the District's Title IX formal complaint process shall address the following basic requirements:

1. Equitable treatment of complainants and respondents;
2. An objective evaluation of all relevant evidence;
3. A requirement that the Title IX coordinator, investigator, decision-maker, or any person designated to facilitate an informal resolution process not have a conflict of interest or bias;
4. A presumption that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of the Title IX formal complaint process;
5. Time frames that provide for a reasonably prompt conclusion of the Title IX formal complaint process, including time frames for appeals and any informal resolution process, and that allow for temporary delays or the limited extension of time frames with good cause and written notice as required by law;
6. A description of the possible disciplinary sanctions and remedies that may be implemented following a determination of responsibility for the alleged sexual harassment;
7. A statement of the standard of evidence to be used to determine responsibility for all Title IX formal complaints of sexual harassment;
8. Procedures and permissible bases for the complainant and respondent to appeal a determination of responsibility or a dismissal of a Title IX formal complaint or any allegations therein;
9. A description of the supportive measures available to the complainant and respondent;

12. Other local procedures as determined by the Superintendent.

**Standard of Evidence**

The standard of evidence used to determine responsibility in a Title IX formal complaint of sexual harassment shall be the preponderance of the evidence.

**Retaliation**

The District prohibits retaliation by a student or District employee against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report of harassment or discrimination, files a complaint of harassment or discrimination, serves as a witness, or participates in an investigation. The definition of prohibited retaliation under this policy also includes retaliation against a student who refuses to participate in any manner in an investigation under Title IX.

**Examples**

Examples of retaliation may include threats, intimidation, coercion, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

## **Report of 2018-2019 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2020**

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2018-2019 high school graduates who attended public four-year and two-year higher education in FY 2020. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2019, spring 2020, and summer 2020 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2019, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2020 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

No data is given for high schools with 25 or fewer graduates.

Because the statute calls for data on the first year enrolled after graduation, the level of the institution attended by students in this report may not match that given in THECB's high school to college report at <http://www.txhighereddata.org/Interactive/HSCollLink>. That report shows where students attended in the fall semester after their high school graduation year. This report attributes students to the level of institution where they earned the most semester credit hours during the whole academic year, not just the fall semester.

**Please note:** In May 2012 the 2006-2007, 2007-2008, and 2008-2009 versions of the *Report of High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education* were updated to reflect a minor correction in how the GPA data are distributed across ranges.
